AWARDS

Each entry in the competition will be judged based on its own merit. Judges may award a gold, silver, or bronze medal based solely on the quality of the entry. For example, in a category with 30 entries, there might be 4 gold, 5 silver, 13 bronze, and 8 entries with no award.

This system enables participants to judge the progress of their work from year to year without regard to what other competitors may enter. This also ensures each entry is recognized for the individual effort of the contestant despite his or her entry being in a category with an abundance of entries.

There will be an overall winner for each category selected from the models that have earned a medal. The title of P3 Grandmaster will be awarded to one entry, the best piece in the competition, selected from the overall winners of each category. The P3 Studio Judges may award Honorable Mentions to entries meriting special recognition.
